

*Écran de baignoire / Tub shield*

*Écran de douche / Shower shield*

*Veillez conserver ce manuel et le code de produit pour des références futures, et au besoin, la commande les pièces de rechange.*

Please keep this manual and product code number for future reference and replacement parts ordering if necessary.

#### **INSTRUCTIONS GÉNÉRALES**

- Lire attentivement et complètement le manuel d'installation avant de procéder.
- Il est recommandé de porter des lunettes de sécurité en tout temps lors de l'installation.

#### **INSTALLATION SUR LES TUILES EN CÉRAMIQUE**

- Le calfeutrage doit être appliqué sur le côté extérieur de la douche où le panneau fixe rencontre les tuiles de la base.
- Si votre porte de douche doit être installée sur une base en céramique, les tuiles doivent couvrir complètement le dessous du jambage.

#### **NOTE**

- Calfeutrage: aucun scellant n'est nécessaire à l'intérieur de la douche. Sauf indication contraire.
- Certains modèles sont dotés de joints d'étanchéité claire.

#### **L'ENTRETIEN DE VOTRE DOUCHE**

- Ne jamais utiliser de poudre ou de tampon à récurer, ni d'instrument tranchant sur les parties en métal ou en verre. De temps à autre, il suffit de nettoyer la porte avec une solution d'eau et de détergent doux pour conserver l'aspect neuf des panneaux de verre et du cadre en aluminium.
- Nous recommandons de passer une raclette de douche sur les panneaux de verre après chaque utilisation.

Des changements peuvent être apportés au produit sans préavis.

#### **GENERAL INSTRUCTIONS**

- Read this manual carefully and completely before proceeding.
- It is recommended that you wear safety glasses at all times during the installation.

#### **INSTALLATION OVER CERAMIC TILES**

- Silicone should be used to seal the gap where the ceramic tiles meet the fixed panel.
- If your shower door is to be installed over ceramic tiles, the tiles should lay completely under the wall jamb.

#### **NOTICE**

- Caulking: no sealant is required inside the shower. Unless otherwise stated.
- Some models are equipped with clear sealing gaskets.

#### **CARE FOR YOUR SHOWER DOOR**

- Never use scouring powder pads or sharp instruments on metal pieces or glass panels. An occasional wiping down with a mild soap diluted in water is all that is needed to keep the panels and aluminum parts looking new.
- We recommend wiping the glass panels with a squeegee after each use.

Product specifications are subject to change without notice.

## ***Outil requis /*** **Tools Required**

Ce produit est lourd et peut avoir besoin de deux personnes pour l'installation. /  
**This product is heavy and may require two people to install.**
