

LOW - VOLTAGE PENDANTS

Akova Pendant LED T20

DESCRIPTION

Inspired by mid-century design, the Akova pendant light from Tech Lighting elevates the simple sphere into an elegant contemporary statement. Distinctly divided into three unified regions, each fixture features an upper metal housing available in three on-trend finishes that is briefly separated from an incredibly smooth acrylic diffuser by a complementary decorative metal band. At just 7in in diameter, this petite pendant light can be used as accent lighting on Tech Lighting Monorail over a kitchen island or hung in odd-numbered clusters at varying heights in a contemporary living or dining space. Includes 14 watt, 640.9 delivered lumen, 2700K LED module. Dimmable with low-voltage electronic or magnetic dimmer (based on transformer). Ships with six feet field-cutttable cable.

INSTALLATION

Socket terminates with FreeJack male connector, which may be installed into a system connector. Elements ordered with a system prefix include a connector for that system. For use on T~TRAK, order FreeJack version and T~TRAK FreeJack Connector (sold separately).

WEIGHT

3.9lb / 1.77kg ±

aged brass
bright brass

matte black
aged brass

matte white
chrome
